Give foot problems the boot

LOVE YOUR FEET IN THE
COMFORT OF YOUR HOME

Sheridan Foot Health Home Visiting Service

This service is available on Monday and Wednesdays at a time to suit you.

A full medical history and foot health assessment is undertaken on the first visit and an individual treatment plan devised for you. The first visit takes up to an hour with subsequent visits of thirty minutes duration.

A home visit consists of a foot health treatment with nails cut and filed, any callus or corns removed and a hydrating foot cream massaged into the feet. Regular treatments ensure that your feet remain as healthy as possible.
(Finger nail cutting also available)

Full details of all services offered are available on the website
